STEPPEN

by VFM DESIGN

Named after the German word for quilting, STEPPEN showcases its quilted fabrics—ONDINE, TRINE and VETRO— each crafted from the velvets VELIN and VELISSE. It highlights a refined dialogue between soft, luxurious velvets and sculpted quilted surfaces.

Each quilted article reflects its velvet counterpart through a unique visual language: flowing scallops, dynamic triangles, and architectural lattices. Available in double width and designed with the ideal quilted volume, these quilted fabrics adapt seamlessly to upholstery, cushions, headboards, drapery, and decorative panels. The treated FR velvets complement them as smooth, versatile foundations ideal for both standalone applications and coordinated interior schemes.

STEPPEN offers a harmonious blend of comfort, structure, and contemporary character—an elegant toolkit for designers who value texture, craftsmanship, and modern refinement.

ONDINE

A soothing rhythm of quite waves.

ONDINE, meaning “little wave”, captures a gentle, cascading motion through its refined scallop-shaped quilted pattern. Its surface forms a fluid, softly dimensional texture that brings calm structure to sofas, cushions, headboards, and decorative panels, introducing serenity and subtle movement into contemporary interiors.

Keywords:
Little wave, cascading motion, scallop, quilted, fluid, cushions, headboards, decorative.

TRINE

A dynamic canvas of polygon play.

Symbolizing unity and rhythm in thirds, TRINE boasts an interesting interplay of 3 sided, 4 sided and 6 sided polygons, popping in and out, of a playfully staggered layout. Designed for upholstery and decorative applications, the angular repeat introduces momentum and depth, while the sculpted, stable quilted body brings a bold yet harmonious structure to contemporary spaces.

Keywords:
Polygons, triangles, upholstery, decorative, angular repeat, depth, contemporary spaces.

VETRO

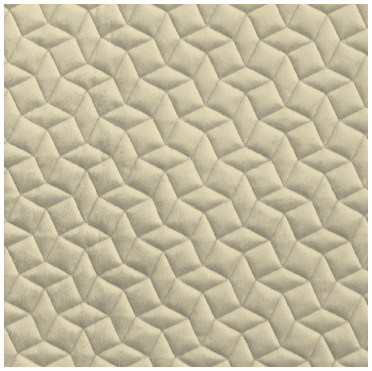

Defined cuts, softened by a smooth hand.

Inspired by the clarity of glass inherent in the name VETRO, the design conveys architectural refinement through its meticulously quilted diamond-lattice pattern. The tessellated geometry catches light gently, creating a subtle faceted effect ideal for upholstery, cushions, and decorative panels. Its smooth dimensionality and wide width allow effortless integration into modern interiors.

Keywords:
Glass, architectural, diamond-lattice, tessellated, upholstery, decorative, modern interiors.

VELIN

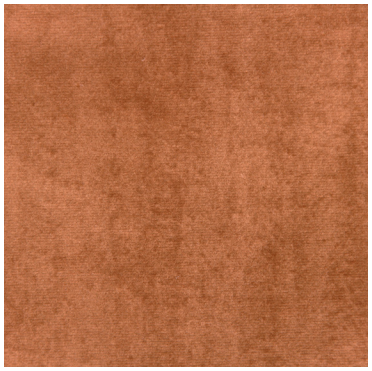

Powerfully named, effortlessly soft

With a name that conveys strength, VELIN is an FR-treated velvet that pairs a smooth, elegant surface with a beautifully structured drape. Minimal in appearance yet rich in tactility, it serves as a versatile foundation for cushions, upholstery, headboards, and decorative accents. VELIN pairs beautifully with the quilted articles inspired by it, allowing designers to build layered, contemporary schemes that balance softness, strength, and modern refinement.

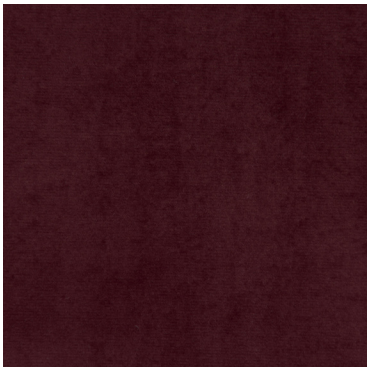

Keywords:
FR velvet, strength, smooth surface, upholstery, cushions, decorative panels, subtle structure, contemporary interiors.

VELISSE

An elegant touch, made for living beautifully.

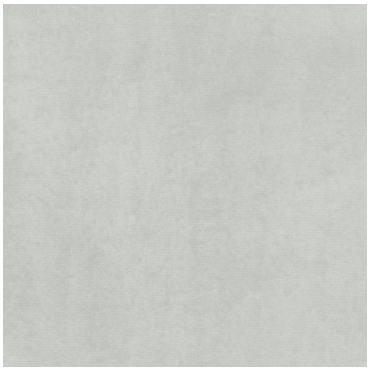

Drawing its name from the French word for life, VELISSE offers a soft, flowing velvet surface that exudes warmth and quiet sophistication. As a versatile FR-treated velvet, it provides a calm, luxurious foundation for upholstery, cushions, drapery, and large decorative applications. Its timeless simplicity complements sculpted textures and minimalist schemes alike, making it an effortless choice for refined contemporary interiors.

Keywords:
FR velvet, soft hand, smooth texture, upholstery, cushions, drapery, modern interiors.
