TERRALINA

TERRALINA

by VFM DESIGN

Earthly touch, translated into fabric.

Terralina draws from the quiet beauty of the earth—where textures are subtle, tones are grounded, and design feels instinctive. Crafted in linen blends in a palette of soft neutrals, the collection explores the interplay of weave, structure, and touch across versatile drapery fabrics.

Each article brings a distinct surface language—from the fluidity of twills to the raw honesty of slub textures—creating a layered yet harmonious material story. Designed in double width for drapery, cushions, and light upholstery, these fabrics balance softness with structure, settling effortlessly into contemporary spaces.

Keywords:
Earth-inspired, linen blends, soft neutrals, textural weaves, subtle surfaces, tactile appeal, effortless drape, balanced structure, understated elegance.

TWILLO

A diagonal rhythm, never standing still.

Inspired by the gentle diagonal rhythm of a classic twill, Twillo embraces fluidity through its softly structured weave. The fabric carries a natural drape, making it ideal for curtains, cushions, and light upholstery. Rendered in neutral tones, Twillo brings a sense of quiet motion into calming interiors.

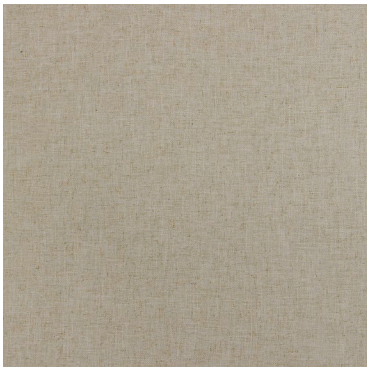

Keywords:
Diagonal rhythm, classic twill, structured weave, natural drape, curtains, cushions, light upholstery, neutral tones.

CRESTA

Crests of texture, set in a calming rhythm.

Cresta moves in a gentle rise and fall, forming soft, rhythmic peaks. The linen-blend construction enhances its natural texture, adding subtle dimension while maintaining a calm, balanced surface. Grounded in soft tones, it works seamlessly across drapery and soft furnishings, offering a tactile presence that feels both structured and serene.

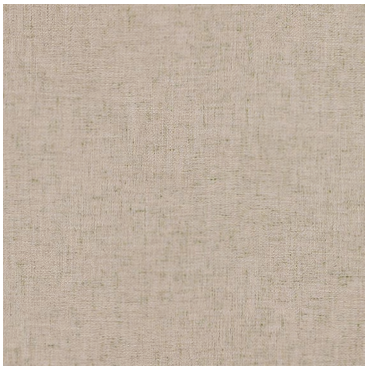

Keywords:
Rhythmic peaks, linen blend, natural texture, soft tones, drapery, soft furnishing.

TRENZA

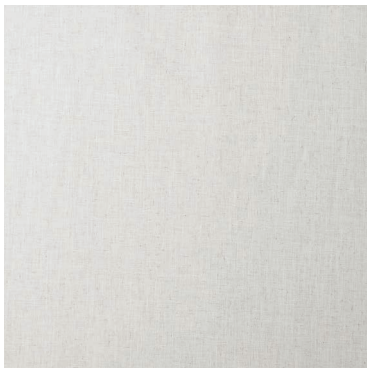

Irregularity, intentionally interwoven.

Trenza brings together slub textures that interlace across a plain base, creating a softly braided effect with variation that adds depth in a quiet, considered way. Ideal for decorative and light upholstery, it introduces warmth and character while remaining rooted in a neutral, versatile palette.

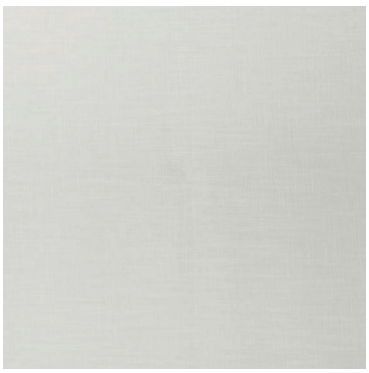

Keywords:
Slub texture, interlace, plain base, variation, decorative, light upholstery, neutral, versatile.

CAMPO

An expanse of composure, held in fabric.

Campo opens up into a clean, uninterrupted surface, where the lightweight weave allows the fabric to feel expansive and breathable. Its simplicity creates a sense of visual pause, letting space and light take the lead. Softly draping and easy in nature, it suits curtains that call for clarity, lightness, and ease.

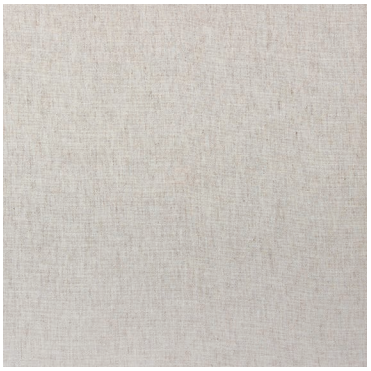

Keywords:
Lightweight, expansive, breathable, soft drape, curtains.

BASKA

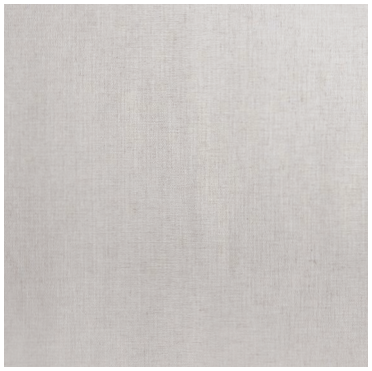

Letting light slip through effortlessly.

Baska develops through a basket weave construction that allows air and light to pass through its surface, creating a textured grid that feels relaxed yet considered. Lightweight and airy, it is well-suited for drapery, bringing a sense of softness and earthiness for calming interiors.

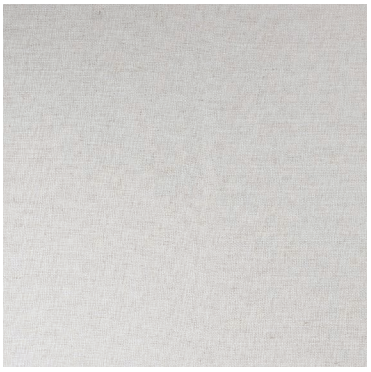

Keywords:
Basket-like, lightweight, airy, drapery, double width.
